Tony Chambers

Founder of creative agency TC & Friends
Former Editor-in-Chief of Wallpaper* Magazine
Chair of Content for FIND - Design Fair Asia

“Asia, and Singapore in particular, is very close to my heart, so I was delighted to be invited to be Chair of Content for FIND –Design Fair Asia. This event will provide a much-needed platform for exchange and inspiration in the meeting of West and East. FIND will be an opportunity for designers worldwide, both established and new, to showcase their work and it will anchor Asia on the global design scene.”

FIND - Design Fair Asia

22-24 September 2022
Marina Bay Sands, Singapore

FIND – Design Fair Asia is an opportunity for exchange and inspiration in West meets East, putting Asia firmly on the global design circuit. As part of a joint venture with Fiera Milano, dmg Events will bring together the largest carefully selected collection of interior brands, key opinion leaders, designers and content from across the globe. Visitors, including architects, interior designers, retailers, agents and design savvy consumers from across Asia, are invited to draw inspiration, network and trade at this new 3-day event located in Singapore, the gateway to Asia. FIND – Design Fair Asia will also be one of the anchor events for the brand new Singapore Design Week that will be unveiled in September 2022.

Yoko Choy

China Editor of Wallpaper* Magazine
Co-Chair of Content for FIND - Design Fair Asia

“Optimism and creativity are needed now more than ever in the world of design as we navigate today’s uncertainties to create the built environment of the future. In seeking the answers to those challenges, FIND is bringing together some of the best practitioners in the furniture and interiors industry from Italy and beyond to Singapore to showcase possibilities and innovative propositions to both an Asian and a wider international audience. Together with Tony Chambers, we are going to initiate conversations with some of the world’s leading professionals to stir up public discussions about how we can construct better lives and we aim to provide memorable moments in celebration of design and togetherness.”

FIND: The Gateway to Asia

Asia presents an opportunity to reach 4.4 billion customers with an insatiable appetite for luxury and design. The Asia Pacific furniture market was worth US \$614 billion in 2021 and is set to grow by over 5% by 2025. FIND aims to strengthen Singapore as a veritable design hub in Asia. Its access to the Asian market and the ASEAN free trade zone and international connectivity makes it Asia's top business destination and a regional financial hub. Singapore, with over 10,000 furniture, interiors, and design brands, is also home to consumers with a taste for upscale home furnishings and décor, offering strong opportunities for the domestic interiors market.

FIND - In Numbers

FIND – Design Fair Asia is the new ‘must attend’ design event for the global calendar where we see the creation of opportunity for exchange and inspiration in the convergence of West and East, not only in terms of products but also ideas. FIND aims to put Asia on the global design circuit, providing a platform for global designers to showcase their work and simultaneously giving a voice to the East.

FIND - A platform to showcase global design

FIND will showcase thoughtfully produced and future, trend setting design for the built environment. Design has taken a new direction in this post-pandemic environment where we face new challenges. FIND will seek the answers to those challenges by creating a platform for conversation around the themes of sustainability, wellbeing and biophilia.

At FIND we will look at questions such as What makes a home sustainable? How do we integrate nature into urban environments whilst retaining high end design? How do people design their environment to improve their wellbeing? How do people create a space that creates a strong sense of wellbeing when they are living and working in the same space?

Through FIND - Design Fair Asia, we will strengthen the platform between West and East within the design space and look to create conversation on hot topics within the design space.

Mark Wee

Executive Director

DesignSingapore Council

”FIND – Design Fair Asia will be one of the anchor events for Singapore Design Week which will make a much-anticipated return in 2022 with a fresh and innovative concept. The festival will be distinguished by three core pillars – Design Futures, Design Marketplace and Design Impact – with Design Marketplace helmed by FIND. As the first new design fair to emerge out of the neo-pandemic era, we are confident that FIND will present a forward-thinking design experience that also highlights the immense creativity and talent of Southeast Asia.”
