

**CZECH
AID**

Identification Form –Tied Financial Donation

Project Title <i>(short yet clear)</i>	Czech Transformers for Ukraine: Supporting Regional Grid Recovery
--	---

Country	Ukraine	Project Location	Kharkiv, Khmelnytsky, Ternopil (Ukraine)
----------------	---------	-------------------------	--

1. Funding	<i>Requested Funding from the Czech Republic Official Development Assistance</i>	<i>Additional Funding from Other Sources (if applicable)</i>	<i>Total Project Budget</i>
<i>In CZK (according to Czech Embassy Exchange Rate)</i>	10 000 000,00 Kč		10 000 000,00 Kč
<i>In Local Currency</i>	19 350 000,00 UAH		19 350 000,00 UAH

2. Applicant	
Name of Organization	Ministry of Energy of Ukraine
Company Identification Nr.	37552996 (EDRPOU / National State Registry of Ukrainian Enterprises and Organizations)
Acting By and Through <i>(name and position)</i>	
Telephone	
E-mail	
Bank Account	

3. Description of Problem, Suggested Intervention and List of Items <i>Brief description of the current situation which is to be targeted by the earmarked donation; list of required items covered by the donation; prospected sustainable use of the donation</i>
As a result of Russia's ongoing military aggression, Ukraine's energy infrastructure has suffered massive destruction. Air strikes and missile attacks have severely damaged both generation facilities and critical nodes of the transmission and distribution networks. In many regions, particularly in the east and center of the country, energy supply to residential

areas, hospitals, and public services remains unstable due to a shortage of functional high-voltage transformers.

One of the most pressing technical issues is the failure or destruction of high-voltage transformers, which are essential for converting and distributing electricity from national transmission grids to regional and local consumers. Without them, entire urban districts, hospitals, water treatment facilities, and emergency shelters remain without reliable power. Their replacement is not only vital to basic infrastructure restoration but also to the survival and well-being of the civilian population.

In response to this need, the project foresees the **supply of 3 power transformers**, which could be manufactured by a certified and reputable European supplier of electrical equipment. These transformers are intended for immediate deployment in:

- **Kharkiv** – to restore capacity at a major distribution substation serving densely populated areas;
- **Ternopil** – to stabilize power supply to critical infrastructure, including hospitals and schools;
- **Khmelnyskyi** – to ensure reliable voltage transformation in a mixed-use zone supporting residential and industrial facilities.

Each transformer will supply power to **residential housing, critical municipal infrastructure (e.g. pumping stations, hospitals), and social institutions** that are currently relying on unstable or emergency sources of electricity.

Technical specifications of the equipment (summarized):

- **High-voltage oil-immersed power transformer**,
- Nominal voltage: **35/10 kV**,
- Rated power: **4 000 KVA**,
- Nominal capacity: **specified individually per site**,
- Complete with technical documentation, including installation instructions, maintenance guidelines, and compliance certificates.

Transformers are:

- **Brand new**, never used, not repaired or refurbished;
- Supplied with **transportation, customs clearance, installation and commissioning included**;
- Delivered in protective enclosures for **outdoor use**, ready for connection by local energy companies;
- Covered by a **manufacturer's warranty for 24 months** from the date of shipment.

As an alternative, if necessary, the applicant is prepared to consider acquiring **simplified transformer configurations**, which could reduce unit cost. This would allow **redirecting**

a portion of project funds to an additional, socially significant purpose — namely, the repair and modernization of elevator equipment in multi-storey buildings. This measure aligns with the national policy at advancing barrier-free accessibility and equal opportunities. The applicant has submitted a separate commercial proposal for this component and is ready to provide further justification upon request.

The supply and installation of these units will contribute to decentralized energy stability and serve as a model for effective crisis response using international cooperation. The project fully aligns with Ukraine's national goals for energy security, efficient infrastructure recovery, and support to war-affected communities.

4. Project Timeframe

Overview of the expected timeframe and related activities

June 2025 - November 2025

Activities/Month	01	02	03	04	05	06	07	08	09	10	11	12
1. Signing of Agreement							X					
2. Production								X	X	X		
3. Transportation and custom clearance											X	
4. Installation and user training											X	
5. On site inspection, final report												
6. Payment to the suppliers												

5. Budget Proposal in CZK

(option I: contains 3 full configured transformers)

(Funding from the Czech Official Development Assistance Only)

Budget Category	Unit Specification	Number of Units	Unit Price	Total Costs
1. Equipment	Base unit	3	3 170 000,00 Kč	9 510 000,00 Kč
	Other production costs	3		
2. Goods	Required options	3	-	-
3. Material	Other material options	3	-	-
4. Contracted Services	Transport costs	1	130 000,00 Kč	130 000,00 Kč
5. Other Costs (clearly specified)	Installation and technical support	3	120 000,00 Kč	360 000,00 Kč
Grand Total Requested from the Czech Republic Official Development Assistance				10 000 000,00 Kč

6. Final Clauses

Done in (city)

Kyiv, Ukraine

Data protection information

The following information is provided on the basis of Article 13 of the GDPR¹:

- I. The Ministry of Foreign Affairs of the Czech Republic, Embassy of the Czech Republic in Ukraine, as a controller of personal data, processes only the personal data of the data subject submitted in an application for the financial donation and in any document attached to such application or provided in connection with this application.
- II. The purpose of the collection of personal data is to process granting of a tied financial donation.
- III. Legal basis for the processing of personal data:
 - processing is necessary for the performance of a contract to which the data subject is party or in order to take steps at the request of the data subject prior to entering into a contract (Article 6(1)(b) of the GDPR).
- IV. The recipients of the personal data: not applicable
- V. The personal data are transferred to third countries or international organisations: not applicable
- VI. The personal data are to be stored for 5 years following the year, in which the project was completed.
- VII. The data subject has the following rights in relation to the data controller:
 - right of access by the data subject (Article 15 of the GDPR)
 - right to rectification (Article 16 of the GDPR)
 - right to erasure (Article 17 of the GDPR)
 - right to restriction of processing (Article 18 of the GDPR)
 - right to request information on the recipients to whom the controller has communicated the rectification or erasure of personal data or restriction of processing (Article 19 of the GDPR)
 - right to data portability (Article 20 of the GDPR).
- VIII. Data subject can contact the controller of personal data, see point I, to exercise her/his rights regarding their personal data or to contact the controller's data protection officer (DPO), email: poverenec@mzv.cz, address: Ministry of Foreign Affairs of the Czech Republic Loretánské náměstí 5, 118 00 Praha 1 – Hradčany, Czech Republic.
- IX. If the data subject considers that the processing of personal data relating to him or her infringes the GDPR, the data subject has the right to lodge a complaint with the supervisory authority – the Office for Personal Data Protection, www.uoou.cz: Úřad pro ochranu osobních údajů, pplk. Sochora 727/27, 170 00 Praha 7 – Holešovice, Czech Republic.

¹ Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
